I have the honor to be,

(1)

Letter No. 184 dated the 8th September 1927, from the Executive Engineer, Mysore Division, to the Chief Engineer of Mysore.

With reference to your No. 1562/22-8-27, forwarding copy of Government Order No. 235-37/Muz. 286-26-7 dated 1st August 1927, conveying sanction to the estimate of Rs. 3,725/- for repairs to the Car of Sree Gangadhareswaraswami's Temple at --- Seringapatam, I have the honor to state, that the work being urgent, has been entrusted to one of the local contractors of Seringapatam, viz., Mr. S.G. Venkataramiah and to request you approval for the same.

In this connection, I may be permitted to submit for you consideration, the desirability of relaxing the rules of calling for tenders in the case of Muzrai works as the most of the works are such which require special skill and the calling for the tenders and waiting for the disposal will surely take much time and by that time, the special occasions for which repairs are required would have passed away or that the amount recovered will be brought under objection for not having cleared in 3 months. I, therefore, request you to kindly obtain orders of Government exempting Muzrai works to the value of Rs. 5,000/- frc the tender system.
